

FAQ – HÄUFIG GESTELLTE FRAGEN – FÜR INTERIM MANAGER

How is cooperation contractually regulated?

A framework agreement is the basis for all aspects of cooperation between you, as a finance interim manager, and FIN-Consultants. Parties who cooperate on a project every day should have the freedom to arrange their own contractual conditions. We are convinced that partners who work together should directly contract together. Therefore, Finance interim managers and the assigning company will contract directly in the case of an assignment. This provides the greatest possible transparency, openness, and flexibility. We would be happy to assist you with the procedure.

What does FIN-Consultants emphasize within the cooperation?

Besides your professional expertise and your qualification as an entrepreneur, ongoing communication and an active relationship are important to us. Let us know where you are at. We provide a lot of opportunities to meet. Seize the opportunity to strengthen our relationship level. Fairness and constructive cooperation are also crucial to us and should be an important personality aspect of yours. It makes working and sharing time together much easier.

How can I become a part of the FIN-Consultant network?

The first step: [Contact us](#). Send us your résumé. After that, we would like to meet you in person and get to know you. If you are professionally and personally qualified, we welcome you to our network. From then on, you will receive ongoing information about suitable projects and other activities.

Can I pass on possible assignments to FIN-Consultants?

Yes. A large number of assignments are generated out of the finance interim managers' network, e.g., if a finance interim manager is already booked, or the task does not exactly meet his/her professional experience or personal expectations (location, time of assignment, sector, etc.). In cases such as these, our commission agreement would go into effect. This possibility also covers positions in the HR sector. Our sister company HR-Consultants is in charge of this.
